

Declaration of Conformity

Cutlery

We hereby confirm that cutlery (flatware) made by stainless steel of the Group of Amefa companies and its Trademarks and Brands which is made by the following material grades

1.4301 (18/10)
1.4016 (18/0)
1.4021 (420J1 13/0)
1.4021 (420N1 13/0)

comply with the following legislations

- (EC)1907/2006 REACH ANNEX 17/(EU)No 2015/628
- European Regulation (EC) No 1935/2004
- Council of Europe Resolution CM/Res(2013)9
- German Food, Articles of Daily Use and Feed Code of September 1, 2005(LFGB)
- Dutch - Commodity Act on Packaging and Consumer Products
- French Décret 2007-766, DGCCRF Information Notice 2004/64
- Finnish Decision of Ministry of Trade and Industry 268/1992
- Norwegian Regulation for 21 December 1993 No 1381 Chapter Via and Annex III
- Swiss Regulation of the EDI relating to materials and articles intended to come into contact with food (Consumer Goods Regulation)
- 1986 California Proposition 65

All materials are frequently tested following a risk-based approach and all products made by these materials are internally verified in their composition.

We also declare that the products comply with the Commission Regulation (EC) No. 2023/2006 of 22nd December on Good Manufacturing Practice for materials and articles intended to come into contact with food.

All Products of the Amefa Group and its Trademarks are not toys and are not suitable for children under 3 years of age. Please let children aged over 3 use Children Products only under adult supervision.

All details are based on our testing and research as well as the actual legislation and state of the art at the date of issue. This declaration expires with a change of legislation or latest after 12 months.
